Department of Civil Engineering

Consolidated report on feedback and action taken on syllabus/curriculum for the academic year 2016 -17

Stakeholder	Suggestions	Action Taken
Students	<ol style="list-style-type: none"> We are unable to adjust time for preparation as GTE syllabus is heavy. Request to advance TE-I course from 4th year 1st semester to 3rd year 2nd sem. so that syllabus is covered before GATE 	<ol style="list-style-type: none"> Syllabus of GTE-I has been eased by shifting two chapters (shear strength & soil Exploration) to GTE-II. This has provided time to focus on basics & fundamentals for students. Accepted and Approved in the Board of Studies Meeting in March/April 2017 Accepted and Approved in the Board of Studies Meeting in March/April 2017
Faculty	<ol style="list-style-type: none"> The course has huge syllabus and includes about 14 chapters of the text book. It's taking disproportionately long time to cover. Hence it's desirable that it is reframed, if necessary, by shifting one or two last chapters to next semester subject i.e., Geotechnical Engineering-II. This will facilitate students to focus and understand basics of this course well. Students should learn about quantifying the materials used for framed structures and prefabricated structures, which is missing in the present course Few topics are not relevant to Civil Engineering Applications hence they can be excluded. Existing topics can be strengthened with signal design and intersections, and it is recommended to shift the course to previous semester in view of competitive exams and to ease final year 	<ol style="list-style-type: none"> It has been resolved to reframe the course(s) with due consideration to time required for syllabus completion, even and progressive distribution of topics, corresponding laboratory courses and student welfare. Accepted and Approved in the Board of Studies Meeting in March/April 2017 It has been resolved to include recommended topics in line with the current trend in industry. Accepted and Approved in the Board of Studies Meeting in March/April 2017. It has been resolved to exclude recommended topics. Accepted and Approved in the Board of Studies Meeting in March/April 2017 It has been resolved to focus on the emerging trends in the corresponding industry. Accepted and Approved in the Board of Studies Meeting in March/April 2017
Alumni	Include software's related to Civil will expose students to external industry.	It has been resolved to introduce an additional laboratory related to computer applications in civil engineering incorporating trending software Arc GIS. Accepted and Approved in the Board of Studies Meeting in March/April 2017

STUDENT FEEDBACK ON CURRICULUM

Name of the Department: CIVIL	
Year of study: IV	Semester: II
Name of course: GTE I	

Kindly fill your feedback on curriculum, of the courses you have attended and select the appropriate option by marking ✓ as per the following criteria

A – Strongly Agree

B – Agree

C - Disagree

S.No	Parameter	A (3)	B (2)	C (1)	Specific remarks (If any)
1.	Prerequisites of the course were met	✓			
2.	Course objectives and outcomes were clear		✓		
3.	Content of syllabus in alignment with course outcomes	✓			
4.	Units in the course are properly ordered	✓			
5.	Tutorial classes were conducted as required.	✓			
6.	Learning and teaching methods encouraged student participation.		✓		
7.	Assessment criteria intended for the course is appropriate	✓			
8.	Intended Skills / learning outcomes acquired by you after completion of the course.	✓	✓		
9.	Compliance of syllabus in attainment of POs, PSOs	✓			
10.	Course provides additional knowledge in advanced topics.	✓			
11.	Availability of Contents in prescribed text books and reference books.		✓		
12.	Any suggestions/Specific remarks:				As the Syllabus is very large it will be good if the number of chapters decrease.

FACULTY FEEDBACK ON CURRICULUM

Name of the Department: <u>Civil</u>	
Name of the Faculty: <u>MUSSK Chaitanya</u>	Designation: <u>Assistant Professor</u>
Name of the Course: <u>Estimation & Quantity Surveying</u>	Course code: <u>CE 316</u>
Semester: <u>I</u>	A.Y: <u>16-17</u>

Kindly fill your feedback on curriculum, Teaching Learning and Evaluation of the courses you are teaching and select the appropriate option by marking ✓ as per the following criteria

A - Strongly Agree

B - Agree

C - Disagree

S.N	Parameter	A (3)	B (2)	C (1)	Specific remarks (If any)
1.	Prerequisites are properly mentioned	✓			
2.	Course objectives and course outcomes of the course are well defined and clear to faculty and students.	✓			
3.	The course has good balance between theory and application		✓		
4.	Organization of syllabus		✓		
5.	Necessity of tutorial classes.		✓		
6.	Any difficulty in completion of syllabus within time			✓	
7.	Tests and Examinations were conducted well in time with proper coverage of all units in the course	✓			
8.	Compliance of syllabus with CO, PO attainment		✓		
9.	Compliance of syllabus with PSO attainment		✓		
10.	Any advanced topics need to be included			✓	
11.	Availability of Contents in prescribed text books and reference books.	✓			
12.	Any specific remarks/suggestions				<p>Students should learn about Quantifying the materials used for framed structures & Prefabricated structures, which is missing in the present course</p>

Present organization	-		
Designation	-		

You are requested to put a tick mark in the appropriate box provided against each Question as per the following criteria

A - Strongly Agree

B - Agree

C - Disagree

S.No	Parameter	A	B	C	Specific Remarks
1.	Quality of curriculum	✓			
2.	Quality of teaching learning process, Course materials, Video lectures by Faculty etc	✓			
3.	Availability of skill oriented courses.	✓			
4.	Examination system adopted by college		✓		
5.	Availability of required equipment in all laboratories as per curriculum.		✓		
6.	Compliance of curriculum in achievement of attainment of POs and PSOs.		✓		

7. Which courses in the curriculum helped you in getting employed.

GTE I & II, SAT I & II, RES I & II, etc.

8. Did you identify gap between industry and our curriculum? If yes please specify?

No

9. Pls suggest new courses /electives to be introduced

interior design.

10. Skills acquired by you during the completion of your UG project.

STAADPRO, Paper Presentation.

11. List out the courses/activities helped to improve your life skills.

soft skills, Surveying.

12. Any other suggestions

Include Softwares related to Civil Engg will ^{give more} exposure.

V. Priyatham Varma
